MYTHS and Folktales African Stories from the Jieng South Sudan Jacob Akol Jiel 2022-05-20
THESE MYTHS and folktales are a collection from my own pool of stories, told when I was a child in the village and locked up somewhere in the recesses of my memory. Although much has decayed with time or been wiped out by other peoples' stories fighting for front-page in my brain, I am sure there is a lot more in there that I cannot recall at the moment but which will come to the fore in due time. All I need is a catalyst, such as returning to the village, even if briefly. The village environment and atmosphere in which these stories are told impress them very firmly on the memory of the listener. Just imagine yourself as a child member of a family sitting around a wood fire on a dark night in the centre of your household compound, or lying in bed in a mud and thatched hut. All around you is darkness. Maybe it is raining, and there is lightning and thunder.

Dinka Folktales Francis Mading Deng 1974

African Tales Harold Scheub 2005-04-29 The latest work from Harold Scheub, one of the world's leading scholars of African folktales, is the broadest collection yet assembled with tales from the entire continent of Africa, north to south. It brings together mythic, fantastic, and coming-of-age tales, some transcribed more than a hundred years ago, others dating to modern-day Africa. Scheub includes the work of storytellers from major African language groups, as well as many storytellers whose work is not often heard outside of Africa. This anthology offers a classroom-ready collection that should appeal to any scholar of African literature and culture. Realizing that these tales are part of a dying art, Scheub writes for the inner ear in everyone, bringing an oral tradition to life in written form.

Folktales from South Sudan Marcelina Morgan 2016-07-13 This important collection of folktales, some of which you may be familiar with, is sure to rekindle in you the love of reading and hopefully set you on to start thinking of similar folktales from your own area. Whether you read this collection of folktales alone as part of a private leisure pursuit, or as part of a class reader, or aloud to your children, as it used to be narrated in many a village by the fireside, you will find in this collection, pages of sheer reading pleasure which will thrill and enlighten you. The pages of this book are full of the typical folktale characters of the cunning Rabbit or Hare, admirably handled, full of interest, playing havoc with everyone, and often becoming a victim of his own ploy. There is also the majestic Lion, King of the jungle, prancing lazily all over the pages, often outsmarted by lesser animals. Then there is the Tortoise, whose slow crawl and foul stinking fart betray this treasure house of wisdom whose sole life mission seems to be the unravelling of the jealousies and intrigues abound in the animal planet. In writing this book, Dr Marcellina Morgan not only draws our attention to the central function of folklore in traditional education, but makes an important contribution to the genre of oral literature. Dr Morgan's narrative of action is masterly with the animal characters assuming a breathtaking life of their own, while the meticulous recreation of the stories should inspire, fascinate and grip the reader.

Tatterhood Ethel Johnston Phelps 2016-06-20 The first volume in this beautifully illustrated anthology features traditional tales of heroic women from Japan to Scotland and beyond. Long before Suzanne Collins created Katniss Everdeen and Octavia Butler wrote Parable of the Sower, there were many traditional folktales full of adventure, intrigue, and intrepid female characters. Feminist Folktales from Around the World collects these forgotten classics and presents them with original artwork by designer and illustrator Suki Boynton. Volume one in the series, Tatterhood features an introduction by Gayle Forman, the New York Times bestselling author of *If I Stay*. These twelve tales from Japan, Norway, Scotland, Sudan, and more, celebrate the cunning, hard work, and physical strength of their heroines. In these pages, a family of three women teaches a burly man how to wrestle, a girl battles a fearsome bear, and a young mother rescues her village from an elephant's stomach.

The Darfur Sultanate Rex S. O'Fahey 2008 In 2003, Khartoum deployed the Janjaweed militia to violently suppress a separatist rebellion, thus launching Darfur into the international spotlight. Since then, over 200,000 people have been murdered and scores more have become refugees. In order to understand the extent of this humanitarian crisis, which has developed into one of the most important international causes of our day, the complicated history of this region must be understood. Having conducted forty years of research in Sudan, R.S. O'Fahey has written the definitive account of the Darfur Sultanate, which stretches from 1650 to 1916. O'Fahey is uniquely qualified to write this book. In addition to being a scholarly expert on the region, O'Fahey has worked with the United Nations Mission to Sudan (UNMIS) and the African Union during the peace talks in Abuja, which were initiated to resolve Darfur's current crisis. While O'Fahey discusses the impact of outside forces on the sultanate, he focuses primarily on Darfur's ruling elites, including its sultans, royal women, holy men, traders, and other individuals in positions of power. His intention is to write a record of the history and cultures of the Sultanate in all their variety, complexity, and richness.

Folktales from South Sudan David Aoloch Bion 2022-03-16 This is a rare treat, a collection of folktales and fables from South Sudan - the newest country in the world. These stories will be most familiar amongst the Dinka, one of the country's many ethnicities, but they are also known in other parts of the country. While South Sudan's many groups vary in language and culture, they share a history of orality: the oral tradition of sharing stories verbally and retelling them through many generations. But times are changing rapidly and there is a risk that these stories will be lost unless they are written down and David Aoloch Bion has done just that. The stories he presents here speak of universal themes: marriage, lying and gluttony, bravery, cheating and deception. Clever and entertaining, with animal characters that often morph into humans and back again, Folktales from South Sudan will be a delightful read, for those who are familiar with these stories and those who are not.
