Start, Love, Repeat Dorcas Cheng-Tozun 2017-11-07 A prescriptive guide to how to keep your relationship strong when there's a start-up in the family. The idea of starting your own business is exhilarating and inspiring. It's one over 30 million Americans

pursue. But being the significant other of an entrepreneur is not so glamorous. Boundaries between work and home disappear. Personal savings and business funds become intertwined. You can feel like a single parent as your spouse travels, works late hours, and answers calls and e-mails 24-7. You may even sacrifice a career or move your home for the sake of the business. But there are strategies you can use to combat all this stress and uncertainty. Whether you're new to the start-up world, or a long-term entrepreneurial partner, Start, Love, Repeat will help you understand exactly how a start-up affects your lives-and what you can do to build a happy and healthy relationship in the midst of the madness. Dorcas Cheng-Tozun has not only done extensive research, she has lived through the perils and pitfalls of being with an entrepreneur as the wife of the CEO and cofounder of successful start-up d.light. She offers clear-sighted, first-hand advice for any couple considering making the same leap. She further draws on interviews with other successful entrepreneurs and their significant others, executive coaches, marriage-family therapists, venture capitalists, and start-up authorities to provide practical insights and steps any couple can take to build a strong relationship while launching that dream business.

Deep Learning in a Disorienting World Jon F. Wergin 2019-12-19 Shows how deep learning is a way to address the toxicity of social polarization.

The Churchill Factor Boris Johnson 2014-11-13 From London's inimitable mayor, Boris Johnson, the story of how Churchill's eccentric genius shaped not only his world but our own. On the fiftieth anniversary of Churchill's death, Boris Johnson celebrates the singular brilliance of one of the most important leaders of the twentieth century. Taking on the myths and misconceptions along with the outsized reality, he portrays—with characteristic wit and passion—a man of contagious bravery, breathtaking eloquence, matchless strategizing, and deep humanity. Fearless on the battlefield, Churchill had to be ordered by the king to stay out of action on D-Day; he pioneered aerial bombing and few could match his experience in organizing violence on a colossal scale, yet he hated war and scorned politicians who had not experienced its horrors. He was the most famous journalist of his time and perhaps the greatest orator of all time, despite a lisp and chronic depression he kept at bay by painting. His maneuvering positioned America for entry into World War II, even as it ushered in England's post-war decline. His openmindedness made him a trailblazer in health care, education, and social welfare, though he remained incorrigibly politically incorrect. Most of all, he was a rebuttal to the idea that history is the story of vast and impersonal forces; he is proof that one person—intrepid, ingenious, determined—can make all the difference.

Coach Wooden's Greatest Secret Pat Williams 2014-02-04 At the first practice of each season, legendary coach John Wooden taught his players how to put on their socks and shoes a very particular way. When asked about this, he replied, "The little things matter. All I need is one little wrinkle in one sock to put a blister on one foot--and it could ruin my whole season. I started teaching about shoes and socks early in my career, and I saw that it really did cut down on blisters during the season. That little detail gave us an edge." Coach Wooden knew the long-term impact of little things done well. Now Pat Williams takes Coach Wooden's lesson, along with stories of people whose lives have exemplified the importance of little things done well, and shows readers how the small things one does or doesn't do drastically affect one's integrity, reputation, health, career, faith, and success. People who want to do their best in life, family, work, and faith will benefit from this entertaining and inspirational book.

Canoeing the Mountains Tod Bolsinger 2018-04-24 Do you ever feel that you are leading in uncharted territory? Pastor and consultant Tod Bolsinger draws on decades of expertise guiding churches and organizations in this expanded practical leadership resource, offering illuminating insights and practical tools to help you reimagine what effective church leadership looks like in our rapidly changing world.

The Leadership Pill Kenneth Blanchard 2003-09-08 A business parable on effective leadership shows the contrasting leadership methods of one manager who is shortsighted, coercive, and obsessed with immediate results, and another manager who supports and works with his team.

5 Voices Jeremie Kubicek 2016-03-07 Discover your leadership voice and unlock your potential to influence others 5 Voices is the code for unlocking your capacity to have honest conversations and build deeper, more authentic relationships with your teams, your families and your friends. In order to lead others effectively, we need a true understanding of ourselves, our natural tendencies and patterns of behavior. In learning what your leadership voice sounds like to others, you will discover what it feels like to be on the other side of your personality, as well as how to hear and value others' voices, namely the Pioneer, the Connector, the Creative, the Guardian, and the Nurturer. Once you understand your own leadership voice, you'll discover how best to communicate with each of the other voices, which will transform your communication at every level of relationship, both personal and professional. In mastering the 5 Voices of leadership, you will increase your emotional intelligence, allowing you to gain a competitive advantage as a leader. You will also be equipped with a simple, easy to remember vocabulary that, when shared, has a track record for decreasing the drama, misunderstanding and miscommunication in all spheres of influence. Are you focused on relationships, values, and people? Or are you oriented more toward tradition, money, and resources? Do you know how others hear your voice? Do you appreciate the contributions of others on your team? This book will help you identify your natural leadership style, and give you a framework for leveraging your strengths. Find your foundational leadership voice Learn to hear and value the voices of others Know yourself before leading others Connect and communicate well with team, family and friends All five leadership voices come with their own particular set of strengths, and all have areas for growth. Understanding both sides of the equation is the key to taking your leadership to the next level and is the secret to increasing your ability to influence your team, family and friends. 5 Voices is a simple key which unlocks complicated relational dynamics and improves the health and alignment of all your relationships.

Exceptional Leadership Gilbert W. Fairholm 2013-06-20 America is best described by values of independence, freedom, and liberty. These values led our founding leaders to undertake revolution. America is American because being Americans each of us assimilates from birth these ideals and values. Americans intuitively assume that they have rights that no one—not their bosses or even government can take away. They see themselves as free enough to choose the kind of life they will live and able to move from where they are to anyplace else—both literally and metaphysically. American workers think they have the right to work or not to work according to their—the worker's—standards and values of what is appropriate. They grant their bosses fealty as a personal decision and not through compulsion. Of course, most Americans understand that work life entails some limits on personal freedom. But, importantly, the idea and the ideal of freedom are fundamentally present in their make-up. Figuratively, the sky is the only limit to our potential for personal and professional development. Workers expect these values to be honored in the workplace. When they are not, they expend energy in thwarting work systems to maximize their ability to do what their leader wants, but in their way.

Being 10% Braver Keziah Featherstone 2020-12-15 Through the real-life stories of women leaders in education, drawn from across the #WomenEd community, this book offers guidance and inspiration on how to rise above challenging situations and find personal and professional growth. It's time to: -Tackle imposter syndrome -Know your

worth -Ask for what you need -Call out unacceptable behavior -Put yourself first when necessary -Raise your voice until it's heard It's time to own your journey and your story - it's time to become 10% braver.

The Leadership Secrets of Jesus Mike Murdock 1996-12 Possibly The Greatest Leadership Book Ever Written-Powerful "Leadership Secrets" That Build True, Lasting Achievement. Included are...5 Power Keys For Effective Delegation / The Secret of Handling Rejection / How To Deal With The Mistakes of Others...Plus Many More.

The Leader's Greatest Return John C. Maxwell 2020-01-28 Dive into a masterclass with world-renowned leadership expert John C. Maxwell as he shares the most important lessons he's learned about the leadership development process over the last quarter century. What is the greatest return on a leader's time? After leaders have invested in their own leadership growth, what is the best way to accomplish their vision and grow their organizations? Develop other leaders! The more leaders an organization has and the better equipped they are to lead, the more successful the organization and its leaders. In the last twenty-five years, New York Times bestselling author John C. Maxwell has grown from equipping a handful of leaders in one organization to developing millions of business, government, and nonprofit leaders in every country around the world. In this book, Maxwell takes the reader step-by-step through the process of identifying, attracting, empowering, and positioning leaders to create a culture capable of then reproducing and compounding the value of its leaders. In *The Leader's Greatest Return*, you will be instructed on: *The Leadership Table* - Create a place where people not yet leading at your level can come, be welcomed and try on leadership. *The 7 Motivators* - Review the seven motivators and discover what motivates each person and then lead him or her accordingly. *Team Success* - Use the 10-80-10 method to set people up for success and empower them to perform at a high level. *Who to Grow as a Leader* - Love and value everyone but use the Pareto principle to choose who to grow as a leader. This is where leaders really experience the compounding value of developing leaders and go to the highest levels of leadership themselves. *The Leader's Greatest Return* is perfect for anyone who wants to take the next step in their leadership, build their organization or team today, and create their legacy for tomorrow needs to read.

The Heart of Leadership Mark Miller 2013 This short, easy-to-read fable reveals the five habits that underlie leadership character and that determine leaders' success - and

teaches leaders how to develop these habits. Like Mark Miller's previous books, this one follows the life, learning, and influence of Debbie Bruster. Here she finds herself mentoring Blake Brown, the son of her former mentor. Rather than answer Blake's questions about leadership directly, Debbie introduces him to other leaders, each of whom shares a unique perspective on what really makes a leader successful. As Blake puts the pieces together, he discovers his problem is not one of skills but of character, that leadership is more about the heart of the leader than the head or hands. In fact, Miller summarized these traits with the acronym HEART: Hunger for Wisdom, Expect the Best, Accept Responsibility, Respond with Courage, and Think Others First. With the help of his new friends and mentors, Blake is able to build a plan to transform his heart. The good news for all of us: leadership is not just the purview of the few - it is within reach for millions of aspiring leaders around the world. This book is the road map they need to get their lives and careers on track.

NIV, Once-A-Day: Bible for Leaders, eBook Zondervan, 2012-11-06 With this NIV Once-A-Day Bible for Leaders you can read through the Bible in a year. Or at your own pace. Now you can practice the spiritual discipline of daily Bible reading with a special focus on leadership. Plus, you can read at your own pace. Want a reading plan that will take you through the Bible in a year? You got it—with check boxes and all. Don't want the guilt of falling behind? You won't—each daily reading is not dated but numbered, allowing you the flexibility you need as you strive to engage God's Word every day. The NIV Once-A-Day Bible for Leaders organizes the clear, accessible New International Version Bible into 365 daily readings. Each day's reading includes a portion of Scripture from the Old Testament, the New Testament, and a Psalm or a Proverb. And to help you develop your leadership skills with a biblical focus, each daily reading includes a leadership insight from both past and present outstanding leaders. Featured leaders include Bill Hybels, Wayne Cordeiro, Erwin McManus, Charles Stanley, Max Lucado, Ann Voskamp, Chuck Swindoll, and many more.

The Inspired Leader Andy Bird 2017-11-23 Being inspired can be a magnificent, invigorating feeling. But it's also one that we know surprisingly little about. Does it happen by chance? Are all forms of inspiration the same? Can we influence how and when we feel inspired? These are searching questions, particularly for people who take on the responsibilities and challenges of leadership. Given the tumultuous state of the world today, effective leadership throughout our organizations and communities has never been more important. Equally though, there has also never been greater pressure on leaders to perform and to provide inspirational leadership for their people and teams. If individuals are to step up and succeed in inspiring others, their first priority must be to discover the inspiration they need for themselves. The Inspired Leader helps them do just that. The book is based on extensive new research, conducted in association with Henley Business School, into the real life experiences of leaders from many different walks of life. Drawing on the latest behavioural science, Andy Bird explains how inspiration is actually experienced by people in positions of leadership. He also examines how they maintain it over time despite the many obstacles and challenges they face. The result is a compelling collection of stories, insights and ideas which are accompanied by a thought-provoking set of personal development tools and reflective exercises. In combination, The Inspired Leader provides unrivalled support for anyone seeking their own path to a more inspired life as a leader.

How Successful People Think John C. Maxwell 2009-06-01 Gather successful people from all walks of life-what would they have in common? The way they think! Now you can think as they do and revolutionize your work and life! A Wall Street Journal bestseller, HOW SUCCESSFUL PEOPLE THINK is the perfect, compact read for today's fast-paced world. America's leadership expert John C. Maxwell will teach you how to be more creative and when to question popular thinking. You'll learn how to capture the big picture while focusing your thinking. You'll find out how to tap into your creative potential, develop shared ideas, and derive lessons from the past to better understand the future. With these eleven keys to more effective thinking, you'll clearly see the path to personal success.

Quiet Leadership David Rock 2007-10-16 Improving the performance of your employees involves one of the hardest challenges in the known universe: changing the way they think. In constant demand as a coach, speaker, and consultant to companies around the world, David Rock has proven that the secret to leading people (and living and working with them) is found in the space between their ears. "If people are being paid to think," he writes, "isn't it time the business world found out what the thing doing the work, the brain, is all about?" Supported by the latest groundbreaking research, Quiet Leadership provides a brain-based approach that will help busy leaders, executives, and managers improve their own and their colleagues' performance. Rock offers a practical, six-step guide to making permanent workplace performance change by unleashing higher productivity, new levels of morale, and greater job satisfaction.

The Irrational David Ken Evers-Hood 2019-03-19 In The Irrational Jesus: Leading the Fully Human Church, Ken Evers-Hood explored how our predictable irrationality can trip us up and how we can adjust for biases. But irrationality isn't all bad. Leaders who live in their heads will never connect deeply with the hearts of those they serve. Because we are like small rational riders astride enormous emotional elephants, leaders must learn how to sing to elephants even as they speak to riders. In The Irrational David: The Power of Poetic Leadership, Ken invites you to sing. Through his work with poet David Whyte, Ken explores poetic leadership in King David, a fully human, irrational leader who knew how to stir people with song. In four sections, The Irrational David observes King David the believer, the beloved, the beautiful mess, and the broken-hearted. Offering his own poetry as a lens, Ken enters into scripture and creates a conversation between the spoken word and sacred text. Discover how irrationality and poetry can prepare us for the real conversations for which our communities are so hungry. Find new layers of meaning in familiar Scriptures. And welcome a fellow traveler into your life who has found strength through vulnerability and is willing to share his journey on the beautiful and messy road of faith with you.

Rare Leadership Marcus Warner 2016-04-05 The #1 reason leaders crash is avoidable. You can drive toward results, lead from fear and anxiety, emotionally decay until you can hardly function (let alone lead), and finally take the ship down with you. Or you can soar. Blending solid theology, brain science, and hard-won lessons from 40 years of Christian counseling and coaching, Rare Leadership unveils a refreshing concept: "RARE Identity." Learn how to form the four essential habits of mature leadership: Remain relational--become a protective leader rather than a fearful or feared one Act like yourself--lead from your identity in God, not for approval Return to joy--bounce back from negative emotions reflexively Endure hardship--build the emotional capacity to

suffer well and model it to others You can lead from a healthy place. You can respond rather than react. You can live out of vision, not fear. And your organization can follow suit. It can attain a strong group identity and even exude the warmth of Christ. Read Rare Leadership and be equipped to lead a joy-filled, emotionally mature, relationally connected organization.

The Art of Co-Creation Bryan R. Rill 2018-08-20 This book illustrates how to design and implement co-creation, a powerful form of collective creativity that harnesses the potential of teams and can generate breakthrough insights. Skilled leaders and facilitators can utilize this approach to unleash the creative potential of their organizations. Drawing from years of applied research, the authors bring together insights from the fields of design and organizational development into an evocative and pragmatic “how-to” guidebook. Taking a human-centred rather than process oriented perspective, the book argues that experience design separates true co-creation from other forms of collective efforts and design thinking. Collective moments of creative insight emerge from the space between, an experience of flow and synchronicity from which new ideas spring forth. How to create and hold this space is the secret to the art of co-creation. Collective breakthroughs require stakeholders to undergo a journey from the world of their existing expertise into spaces of new potential. It requires leaders moving from a position of dominating space to holding the space for others, and developing core capacities such as empathy and awareness so that teams can engage each other co-creatively. This book uncovers the secrets of this journey, enabling process designers to develop more effective programs.

No Ego Cy Wakeman 2017-09-19 The New York Times bestselling author of Reality-Based Leadership rejects the current fad of "engaging" employees and the emotional drama of "meeting their needs"--returning leadership to leaders and productivity to businesses. For years now, leaders in almost every industry have accepted two completely false assumptions--that change is hard, and that engagement drives results. Those beliefs have inspired expensive attempts to shield employees from change, involve them in high-level decision-making, and keep them happy with endless “satisfaction surveys” and workplace perks. But what these engagement programs actually do, Cy Wakeman says, is inflate expectations and sow unhappiness, leaving employees unprepared to adapt to even minor changes necessary to the organization’s survival. Rather than driving performance and creating efficiencies, these programs fuel entitlement and drama, costing millions in time and profit. It is high time to reinvent leadership thinking. Stop worrying about your employees’ happiness, and start worrying about their accountability. Cy Wakeman teaches you how to hire “emotionally inexpensive” people, solicit only the opinions you need, and promote self-awareness in your whole team. No Ego disposes with unproven HR maxims, and instead offers a complete plan to turn your office from a den of discontent to a happy, productive place.

American Heart of Darkness Robert Kirkconnell 2013-05-21 These days, most Americans know that the country has serious problems. Problems that will have to be addressed before the country can move forward. What are these problems? Where did they come from? Before we can move forward we have to know where we are and how we got there. American Heart of Darkness paints an unvarnished picture of the seeds of destruction that were sown into the foundations of the Republic from the very beginning. How did slavery come about in the land of the free? How did a pre-

Columbian native population, in North America alone, of over eighteen million (yes, you heard it right) native peoples dwindle down to about two hundred thousand? Was it really Small Pox? Why has a people who constantly talk about freedom, democracy, equality, human rights, life, liberty, and the pursuit of happiness continually practiced racism, genocide, and war? How do drugs come into the country, and who is really behind the most profitable product sold in the world? There are also other unanswered questions that need to be explored: Why were thousands of the worst Nazi war criminals given refuge in the U.S.? Who financed Hitler? Where did Hitler get his master race and genocidal ideas from? Was Lee Harvey Oswald a C.I.A. agent? Were Oswald, Sirhan Sirhan, Ted Kaczynski, Timothy McVey, and the Peoples Temple all mind control, MKULTRA, subjects? What really happened in the Jeffery MacDonald, so-called Fatal Vision case? How does hundreds of billions of dollars come into the United States every year without detection? The answers to these questions, and many more, will surprise you! They are not in the History books, although they should be. American Heart of Darkness, Volume I, explores the ugly side of America that has been hidden for far too long, and it is literally killing us. This book is not for the reader looking for an uplifting story to escape everyday life for a few hours. It is for true patriots who are sick and tired of being lied to and stolen from. It is for those who know they need to do something but do not know where to start. It is for those who feel powerless and that Americas problems are far too big for little ol me to handle. It is for those with the courage to go from darkness to light. As comedian and activist Dick Gregory once said, If you been in the DARK for so long, LIGHT will hurt your eyes. This book will hurt your eyes. The reader will be shocked, then angry, then motivated, and finally, in the authors next two books, empowered and liberated. It is better to see where we are and where we need to go, right now, before it is too late. Congratulations! If you have read this far this book is probably for you. Please keep in mind the universal truth that with any form of government, the leaders only have the power that the people allow them have. This was true in India when a little skinny guy named Gandhi with no money and only a rag wrapped around his middle took on the British Empire, and won! There is no question that the American people have the power to reclaim a government that is clearly not being run for them. We have to empower ourselves to take this government back from only a handful of selfish and greedy individuals, who have proven that they only care about making more and more money. Let us all stop giving them the power that belongs to us. Reading this book is a beginning, and then we will talk about what to do about it in the authors next two books!

In Search of Paul Tony Cooke 2022-03-15 Stand on the shoulders of giants! Have you ever wished you could have a mentor like the Apostle Paul someone trustworthy to guide your spiritual development and ministry? Tony Cooke, author, teacher, and student of church history, has assembled a panel of the greatest Christian spiritual leaders of all time, curating a profound, yet accessible, collection of their key thoughts and teachings. Discover The values and priorities that create a successful life The power of living by example Timeless qualities of supernatural life and ministry Enduring wisdom on topics such as influence, delegation, discipline, prayer, evangelism, and preaching Pitfalls to avoid in life and ministry These men of God left an indelible

footprint for the Kingdom of God on this world. Guided by their example, you can do the same!

The Rhetorical Invention of America's National Security State Marouf Hasian, Jr. 2015-07-29 *The Rhetorical Invention of America's National Security State uses a broad range of materials, including technical, journalistic, entertainment, academic, and legal sources to explore the role of rhetoric in the expansion and maintenance of America's national security state. It helps audiences understand the complex discourses produced by and constitutive of the national security state. Its interdisciplinary approach will resonate with scholars working in a number of different fields, including rhetoric, critical security studies, and science and technology studies.*

The Six Secrets of Change Michael Fullan 2011-11-22 *From bestselling author Michael Fullan, wisdom for thriving in today's complex environment Successful organizations adjust quickly and intelligently to shifts in consumer tastes, political climate, and economic opportunity. How do they do it? The Six Secrets of Change explores essential lessons for business and public sector leaders for thriving in today's complex environment. Fullan draws on his acclaimed work in bringing about large-scale and substantial change in education reform in both public school systems and universities, as well as engaging in major change initiatives internationally. This book is filled with lessons that are insightful, actionable, and concisely communicable. "Fullan has an uncanny ability to produce what is needed at the time it is needed. The six secrets are based in theory, grounded in practice, powerful in their relationship to each other, and described in ways that enable deep understanding. It is a refreshing change from the surface lists of leadership and change ideas that all too often permeate education and business literature." —Vicki Phillips, director of education, Bill & Melinda Gates Foundation Includes so-called leadership "secrets" that are decoded to be accessible and useful Offers illustrative examples from a variety of businesses, health organizations, and public education systems Lays out the six factors to organizational success: collegiality, long-range plans allow for the unknown, nurture employees, learning, leadership at all levels, and positive pressure must be inescapable Michael Fullan is the author of the acclaimed best-seller Leading in a Culture of Change Fullan convinces us that a leader who attends to all six key factors will have an organization that is constantly learning, growing, and thriving.*

The Secret of Job Satisfaction Emmanuel Aoudi Chance **Contemporary Military Strategy and the Global War on Terror** Alastair Finlan 2014-06-19 *Contemporary Military Strategy and the Global War on Terror offers an in-depth analysis of US/UK military strategy in Afghanistan and Iraq from 2001 to the present day. It explores the development of contemporary military strategy in the West in the modern age before interrogating its application in the Global War on Terror. The book provides detailed insights into the formulation of military plans by political and military elites in the United States and United Kingdom for Operation Enduring Freedom and Operation Iraqi Freedom. Alastair Finlan highlights the challenges posed by each of these unique theatres of operation, the nature of the diverse enemies faced by coalition forces, and the shortcomings in strategic thinking about these campaigns. This fresh perspective on strategy in the West and how it has been applied in recent military campaigns facilitates a deep understanding of how wars have been and will be fought. Including key terms, concepts and discussion questions for each chapter, Contemporary Military*

Strategy and the Global War on Terror is a crucial text in strategic studies, and required reading for anyone interested in the new realities of transnational terrorism and twenty-first century warfare.

The Secret Red Book of Leadership Awdhesh Singh 2015-03-26 The hidden truths of leadership - bitter or sweet - revealed like never before! Great leaders are like icebergs. They conceal more than they reveal. Indeed, mystery and the art of retaining it, is integral to leadership. Leadership, then, is more an art than a science. It is not a reality that you can touch, feel and measure, but an illusion that is created by many tricks, which you should be able to learn and practise in a way that others are not able to grasp. This book, written by a serving officer of government, is an eye - opener for anybody who aspires to be a leader, at whatever level - nation, community or a small social group and in whatever sphere - business, politics or administration. Bon voyage!

Self-Leadership and Personal Resilience in Health and Social Care Jane Holroyd 2015-03-13 This is essential reading for professionals making judgements under pressure. It demonstrates how self-leadership is not only about surviving but thriving in a continually changing environment and introduces key theories, skills and debates to help professionals deliver high quality professional practice every day. The book focuses in on the quality of professional thinking, self- and social awareness, self-regulation and self-management, and the fundamentals of sustained resilience.

Innovating Christian Education Research Johannes M. Luetz 2021-01-04 This book reformulates Christian education as an interdisciplinary and interdenominational vocation for professionals and practitioners. It speaks directly to a range of contemporary contexts with the aim of encouraging conceptual, empirical and practice-informed innovation to build the field of Christian education research. The book invites readers to probe questions concerning epistemologies, ethics, pedagogies and curricula, using multidisciplinary research approaches. By helping thinkers to believe and believers to think, the book seeks to stimulate constructive dialogue about what it means to innovate Christian education research today. Chapters are organised into three main sections. Following an introduction to the volume's guiding framework and intended contribution (Chapter 1), Part 1 features conceptual perspectives and comprises research that develops theological, philosophical and theoretical discussion of Christian education (Chapters 2-13). Part 2 encompasses empirical research that examines data to test theory, answer big questions and develop our understanding of Christian education (Chapters 14-18). Finally, Part 3 reflects on contemporary practice contexts and showcases examples of emerging research agendas in Christian education (Chapters 19-24).

The Soul of Leadership Deepak Chopra 2010 Looks at great leaders of the past and hones in on the key qualities, including their spiritual attributes, that made them successful and then lays out an action plan for understanding and mastering these qualities. By the best-selling author of Reinventing the Body, Resurrecting the Soul. 75,000 first printing.

Missional Leadership Nelus Niemandt 2019-12-12 The purpose and aim of this book is to develop an appropriate leadership model for missional churches. This implies a positioning of this book within the broader theology of mission and a consensus on the theology of the Missio Dei, originating at the 1952 conference of the International Missionary Council in Willingen, Germany. In this approach to the theology of mission,

mission is understood as the work of the Trinitarian God, and the church is privileged to participate in God's mission. It is against this background that the growing consensus on missional ecclesiology challenges leadership models developed for a different time and a different kind of church (with less or no emphasis on the missional character of the church). The aim is to reflect theologically on the role of leadership in the missional church. What kind of ideas about power, authority and leadership are appropriate for a missional church? New missional challenges demand new ideas about missional leadership. Church organisation and leadership reflects a theological position – there is a strong relation between ecclesiology and church organisation. The nature of the church provides the framework to understand the character of the church. What the church is determines what the church does. The church organises what it does and agrees on rules that regulate ministries and organisation. Issues such as the way the church organises and governs what it does, and thus church leadership, need to be answered against this background and understanding. Church polity and organisation, as well as leadership, must reflect the identity, calling, life and order of the church. This book, therefore, addresses life in the Trinity, participation in the Missio Dei and contours of the missional church as the point of entry to develop leadership insights. It contributes towards the development of an appropriate model of leadership for missional churches, because although recent developments in the theology of mission comprehensively addressed the area of missional ecclesiology, there is a gap in the development of a leadership model based on the concept of authority in the missional church.

The Leader's Greatest Return Workbook John C. Maxwell 2020-01-28 What is the greatest return on a leader's time? After leaders have invested in their own leadership growth, what is the best way to accomplish their vision and grow their organizations and teams? Develop leaders! The more leaders an organization has and the better equipped they are to lead, the more successful the organization and all of its leaders. In this new workbook, based on the title of the same name, number one New York Times bestselling author John C. Maxwell takes the process of developing leaders to the next level by relating some of the key principles he has learned over the last quarter century as his organizations have developed millions of business, government, and non-profit leaders from every country around the world. He instructs leaders how to . . . Recognize potential leaders Attract leaders by creating a leadership "table" Work themselves out of a job by equipping and empowering leaders Position leaders to build a winning team Coach leaders to higher levels and make them leadership developers themselves This is where leaders really experience the compounding value of developing leaders and go to the highest levels of leadership themselves. The Leader's Greatest Return Workbook walks you through the process and helps you create a roadmap for success. Anyone who wants to take the next step in their leadership, build their organization or team today, and create their legacy for tomorrow needs to read The Leader's Greatest Return. Also available as a trade book.

Using Servant Leadership Angelo Letizia 2018-04-09 Using Servant Leadership provides an instructive guide for how faculty members can engage in servant leadership with administrators, students, and community members. By utilizing a wide range of research and through a series of case studies, Angelo J. Letizia demonstrates how, with a bit of creative thinking, the ideals of servant leadership can work even in the

fractious, cash-strapped world of contemporary higher education. Furthermore, he considers how these concepts can be implemented in pedagogy, research, strategic planning, accountability, and assessment. This book points the way to a more humane university, one that truly serves the public good.

Chanakya's 7 Secrets of Leadership Radhakrishnan Pillai 2014-01-29 Chanakya, who lived in India in the 4th Century BC, was a leadership guru par excellence. The treasure of his teachings can be found in his book, The Arthashastra, which deals with good governance based on ideal leadership. The concept of the ideal nation in The Arthashastra, called Saptanga, holds that there are seven pillars of a kingdom: Swami, Amatya, Janpada, Durg, Kosha, Dand, Mitra iti Prakritya. For centuries, Indian rulers have used this concept as a model of successful government. In this path-breaking book, Chanakya's 7 Secrets of Leadership, author Radhakrishnan Pillai delves into Chanakya's Saptanga with the real-life example of D. Sivanandhan. Former Director General of Police, Maharashtra, and the archetype of an able administrator, Sivanandhan shares his guidelines for effective management, highlighting those that make him a dynamic leader. In Chanakya's 7 Secrets of Leadership, theory meets practice, academic research meets vast experience in police supervision and an age-old formula is revealed in a modern-day success story. Together, Pillai and Sivanandhan bring Chanakya's model to life. Anyone can use the seven secrets of leadership to run a kingdom effectively. Apply them in your life, and the magic of Chanakya's wisdom will transform you into the ideal leader. Radhakrishnan Pillai, founder-director of the Chanakya Institute of Public leadership (CIPL), has represented India in various national and international conferences and has taught at educational institutes in Germany (Heidelberg, Cologne), UK (Oxford, Cambridge) and India (IIT, IIM and IISc). His best-selling book Corporate Chanakya is used by business schools around the globe. Pillai received the Sardar Patel International Award in 2009. D. Sivanandhan, former Director General of Police, Maharashtra, is one of India's most highly regarded IPS officers. He has been instrumental in rebuilding the defenses of Mumbai after attacks in November 2008, and has served as member of the special task force in the National Security Council Secretariat. Currently, he serves on the board of several companies and is the Chairman of Securus First India Pvt. Ltd.
